SALARY: Competitive

DATE POSTED: Monday, March 16, 2020

START DATE: As soon as possible

OFFICE LOCATION: Downtown, Toronto

DEADLINE TO APPLY: Friday, March 20, 2020

HOW TO APPLY:

Send your cover letter and resume to hr@jsferraro.com and complete our online behavioural assessment.

WHAT WE'RE LOOKING FOR:

The Logistics Coordinator is responsible for ensuring that all products arrive *where* they're supposed to arrive, *when* they're supposed to arrive. As the primary source of booking and appointment information at the warehouse for the Sales and Commodity Merchandising teams, they maintain strong relationships with all 3PL providers. With an appreciation for the "round-the-clock" nature of logistics, the Logistics Coordinator proactively addresses issues as soon as they arise, and works to guarantee that all stakeholders involved in the supply-chain are well-informed as changes occur.

WHAT YOU'LL NEED:

- ✓ Minimum three years of experience in logistics or a related field
- ✓ Excellent communication skills to liaise with internal and external stakeholders to execute all activities associated with delivery of product
- ✓ Superior detail orientation as it relates to regulatory standards of documentation management
- ✓ Self-motivated and results-driven to surpass goals, with a "can-do" attitude
- ✓ Able to adapt to an evolving, technological environment with working knowledge of ERP, WMS, or other centralized database
- ✓ Experience with moving temperature-controlled goods using all modes of transportation, domestic and international, is an asset

WHO YOU'LL WORK WITH:

In your role, you will work as a member of the Logistics team, reporting to the Logistics Manager.

As a member of the Logistics team and the primary point of contact for all domestic distribution centres, you will work on a day-to-day basis with the Logistics team and provide support to both the Commodity Merchandising and Sales departments. Cross-trained in the area of international exports, you will provide back-up and support to the international export area of the business as required.

HOW WE MEASURE SUCCESS:

While individual KPIs will be communicated to you by your manager, our business evaluates success under the 5 main areas:

Innovation

Performance and Culture

Image and Growth

Operational Efficiency

Financial Excellence
